BALL WATCHES
OFFICIAL RAILROAD STANDARD

The Old 18 Size Watch *The Old Wood Burner*

Trade In Your Old 18 Size Watch

You've probably forgotten about the old wood burners—they're gone—out of date. You wouldn't work on a railroad that used them today.

But now just stop and think a minute about something much closer to you than a wood burner. It rests there in your pocket. It weighs more than a quarter of a pound. It's nearly an inch thick. It's your old 18 size watch and although there's no denying the fact that it's been a good timekeeper, it's big, unhandy and clumsy. You can just as well own a Twentieth Century Model Ball Watch.

Easy Payments Too

Your home jeweler will let you turn in the old 18 size as part payment on a new this model 16 size Ball Watch, and the balance can be paid under special monthly arrangements.

You don't want your friends to ask—"Well,—what's the time by your old 'wood burner'?"—See your Ball Watch jeweler about that trade-in today.

Drop us a card for further information regarding these payments and trade-ins.
